Interdependent Economy – from political economy to spiritual economy

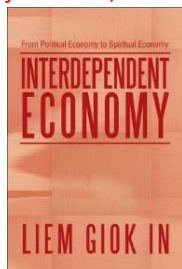

Author: Liem Giok In, ISBN number: 978-1-950543-43-4

New edition (2020)
(not available for now)

Old edition (2005)

(Same content as new edition, only internet links, some footnotes, and bibliography were updated in the new edition)

Unfortunately the publisher of the new edition (Legaiabooks) has disappeared from the face of the earth. Both E-book (Kindle) and paperback are not available for now. The old edition (iUniverse) is still available. You can also write the author for a pdf (info@liemgiokin.com). We are working at solving this problem.
